Proposed Monitor

INITIAL ORDER (On an Amended Application for the issuance of an Initial Order under CCAA)

[1] ON READING the Amended Application for the Issuance of a First Day Initial Order and an Amended and Restated Initial Order dated May 6, 2025 (the

No: 235-11-000008-259

Page: 2

"Application") pursuant to the *Companies' Creditors Arrangement Act*, R.S.C. 1985, c. C-36 (the "CCAA"), the sworn statement and the exhibits filed in support thereof;

- [2] **CONSIDERING** the notification of the Application;
- [3] **CONSIDERING** the Pre-Filing Report to the Court submitted by Raymond Chabot Inc. ("**RCI**" or the "**Monitor**") in its capacity as the proposed Monitor dated May 5, 2025 (the "**Monitor's Pre-Filing Report**");
- [4] **CONSIDERING** the testimony of the Proposed Monitor's representant, Mr. Jean Gagnon and the Applicant's Debtor CEO, Mr. Guy Berard;
- [5] **CONSIDERING** the evidence submitted at the hearing, which reveals the following:
 - Until 1986, the Debtor Co-applicant Asbestos Corporation Limited ("ACL") operated open pit chrysotile mines in Thetford Mines, Quebec, Canada, for the purpose of mining asbestos.
 - Over the course of the past three (3) decades, ACL has been the subject of thousands of asbestos-related claims and, until recently, ACL was fully responsible for resolving these asbestos-related claims.
 - The Co-Applicants Certain Underwriters at Lloyd's, London, Tenecom Limited, The Ocean Marine Insurance Company Limited, NRG Victory Reinsurance Limited and The Scottish Lion Insurance Company Limited ("CLMI") were and are involved in reimbursing ACL for these asbestos-related claims, solely in their capacity as insurers to ACL;
 - More specifically, in accordance with the terms of the London Policies and an Interim Settlement Agreement ("ISA"), CLMI reimbursed defence costs incurred by ACL in relation to the claims and have also funded certain settlements agreed upon between ACL and certain claimants;
 - Until September 2023, ACL and CLMI were involved, together, in the decision making to settle the asbestos related claims filed in USA;
 - In September 2023, the circumstances relating to ACL's right or ability to resolve and defend such asbestos-related claims were compromised;
 - More precisely, on September 8, 2023, the Court of Common Pleas of Richland County, South Carolina (the "South Carolina Court") in a lawsuit involving one of the underlying asbestos-related claims, held ACL in contempt of court on the basis that it refused to properly engage in discovery, and to produce in the United States, corporate documents located in Canada;

No: 235-11-000008-259

The ACL's position was then, and continues to be, that the Quebec Business Concerns Records Act, RLRQ ch. D-12 (the "QBCRA") prevents a Quebec corporation from transferring such documents outside of Quebec;

Page: 3

- Despite ACL's position, the South Carolina Court sanctioned ACL, struck its pleadings (so that it fell in default) and entered a Receivership Order that putatively stripped ACL of its right to defend itself in the United States;
- The South Carolina Court appointed Peter D. Protopapas of the South Carolina law firm of Rikard & Protopapas as Receiver of ACL with respect to certain powers, rights and assets, specifically, the power and right to defend asbestos suits against ACL in the United States and the power and right to deal with its insurers, the Co-Applicant CLMI, with respect to those suits (the "South Carolina Receiver");
- In his Receiver's capacity for ACL, Protopapas was granted full control of ACL's defence against the asbestos-related claims made against it in the United States, and has since filed a suit against CLMI in the South Carolina Court in order to force CLMI to pay the costs incurred by the South Carolina Receiver with this suit pending before the South Carolina Court as of the date of this Application;
- Since the appointment of the South Carolina Receiver, matters have worsen for ACL;
- Indeed, the steps taken by the South Carolina Receiver have resulted in increased liability and damages for ACL rather than protecting its interests and those of its stakeholders;
- For instance, in two cases, one in the state of Washington and the other in the state of California, ACL's right to be heard in Court was denied and this led to a judgment rendered by default against it;
- Indeed, in the Washington case, ACL was condemned to pay by default more than 16 million dollars US in damages to the Plaintiffs;
- At the current state of the proceedings filed in USA, it appears that ACL suffers a lack of procedural fairness;
- [6] **CONSIDERING** the ACL's situation resulting from the claims and litigation proceedings instituted against it, the Co-Applicants require a stay of proceedings in order to ensure that the claims and litigation against the Debtor can be resolved, compromised or otherwise addressed in a single forum, in a stable and secure environment, without undue or unjust interference;
- [7] **CONSIDERING** that a stay of proceedings is the primary tool that allows the CCAA to achieve its restructuring objective and is central to a Restructuring Process;

No: 235-11-000008-259

Page: 4

- [8] **CONSIDERING** that, in the present case, the success of the Restructuring Process, and the resolution of the various claims and litigation, present and future, will require multi-party negotiations and discussions;
- [9] **CONSIDERING** the CCAA proceedings will provide a reasonable and effective forum within which these negotiations and discussions may take place without prejudice from the multiplicity of additional recourses and actions being instituted against the ACL;
- [10] **CONSIDERING** the CCAA proceedings will provide a single forum for dealing with all liabilities of ACL;
- [11] **CONSIDERING** that such stability is necessary to assure the success of the Restructuring Process;
- [12] **CONSIDERING** the objectives of the CCAA as described by the Supreme Court of Canada in 9354-9186 Québec inc. v. Callidus Capital Corp.¹:

[39] The <u>CCAA</u> is one of three principal insolvency statutes in Canada. The others are the <u>Bankruptcy and Insolvency Act</u>, R.S.C. 1985, c. B-3 ("BIA"), which covers insolvencies of both individuals and companies, and the <u>Winding-up and Restructuring Act</u>, R.S.C. 1985, c. W-11 ("WURA"), which covers insolvencies of financial institutions and certain other corporations, such as insurance companies (<u>WURA</u>, s. 6(1)). While both the CCAA and the BIA enable reorganizations of insolvent companies, access to the CCAA is restricted to debtor companies facing total claims in excess of \$5 million (<u>CCAA</u>, s. 3(1)).

[40] Together, Canada's insolvency statutes pursue an array of overarching remedial objectives that reflect the wide ranging and potentially "catastrophic" impacts insolvency can have (Sun Indalex Finance, LLC v. United Steelworkers, 2013 SCC 6, [2013] 1 S.C.R. 271, at para. 1). These objectives include: providing for timely, efficient and impartial resolution of a debtor's insolvency; preserving and maximizing the value of a debtor's assets; ensuring fair and equitable treatment of the claims against a debtor; protecting the public interest; and, in the context of a commercial insolvency, balancing the costs and benefits of restructuring or liquidating the company (J. P. Sarra, "The Oscillating Pendulum: Canada's Sesquicentennial and Finding the Equilibrium for Insolvency Law", in J. P. Sarra and B. Romaine, eds., Annual Review of Insolvency Law 2016 (2017), 9, at pp. 9-10; J. P. Sarra, Rescue! The Companies' Creditors Arrangement Act (2nd ed. 2013), at pp. 4-5 and 14; Standing Senate Committee on Banking, Trade and Commerce, Debtors and Creditors Sharing the Burden: A Review of the Bankruptcy and Insolvency Act and the Companies' Creditors Arrangement Act (2003), at pp. 9-10; R. J. Wood, Bankruptcy and Insolvency Law (2nd ed. 2015), at pp. 4-5).

[41] Among these objectives, the <u>CCAA</u> generally prioritizes "avoiding the social and economic losses resulting from liquidation of an insolvent company" (*Century Services*, at para. 70). As a result, the typical *CCAA* case has historically involved an attempt to facilitate the reorganization and survival of the pre-filing debtor company in an operational state — that is, as a going concern. Where such a reorganization was not possible, the alternative course of action was seen as a liquidation through either a receivership or under the <u>BIA</u> regime. This is precisely the outcome that was sought in *Century Services* (see para. 14).

[42] That said, the CCAA is fundamentally insolvency legislation, and thus it also "has the simultaneous objectives of maximizing creditor recovery, preservation of going-concern value where possible. preservation of jobs and communities affected by the firm's financial distress . . . and enhancement of the credit system generally" (Sarra, Rescue! The Companies' Creditors Arrangement Act, at p. 14: see also Ernst & Young Inc. v. Essar Global Fund Ltd., 2017 ONCA 1014, 139 O.R. (3d) 1 ("Essar"), at para. 103). In pursuit of those objectives, CCAA proceedings have evolved to permit outcomes that do not result in the emergence of the pre-filing debtor company in a restructured state, but rather involve some form of liquidation of the debtor's assets under the auspices of the Act itself (Sarra, "The Oscillating Pendulum: Canada's Sesquicentennial and Finding the Equilibrium for Insolvency Law", at pp. 19-21). Such scenarios are referred to as "liquidating CCAAs", and they are now commonplace the CCAA landscape (see Third Eye Capital Corporation v. Ressources Dianor Inc./Dianor Resources Inc., 2019 ONCA 508, 435 D.L.R. (4th) 416. at para. 70).

- [13] **CONSIDERING** that ACL and CLMI, in order to reach the CCAA's objectives, will craft a claim process which will take into consideration the best interests of Co-Applicants and all stakeholders and potential stakeholders of ACL, including, among others, the Asbestos Claimants in connection with asbestos-related injuries and claims, in order to:
 - Preserve and maximize the value of ACL for its various stakeholders:
 - Allow for the orderly distribution of funds and compensation which will be available to any claimant, or stakeholder entitled to a claim or compensation;
 - Avoid the current situation in which there is a "race to the courts" on the part of plaintiffs in the United States in order to obtain individual recovery to the detriment of other claimants;
 - Adjudicate claims against ACL based on their merit, and not based on default or contempt of court, with a view to ensuring that claimants with valid claims are duly compensated in a structured and cost-effective manner; and devising

Page: 6

a simpler, less costly, more effective and more rapid process to deal with all the claims or potential claims than legal proceedings in Canada and the United States, the multiplicity of which is likely to contribute to the erosion of the value of ACL and recovery for the claimants;

- [14] **CONSIDERING** all the claims or potential claims and legal proceedings in Canada and the United States, the multiplicity of which is likely to contribute to the erosion of the value of ACL and the recovery for the claimants;
- [15] **CONSIDERING** the restructuring process proposed by Co-Applicants ACL and CLMI which contemplates:
 - The execution of a transparent court-supervised process aimed at stabilizing ACL's operations and ensuring that sufficient liquidity is available via the Interim Facility (as defined below);
 - The eventual implementation, in due course, of a claims process to ensure that ACL's individual asbestos claimants can efficiently and judiciously settle their outstanding claims against ACL, among others;
 - A claims process under the CCAA, which will allow these claims to be channeled into a fair and efficient claims process in Canada, where the interests of both Debtor and creditors can be appropriately balanced;
 - The implementation of a plan of compromise or arrangement of the asbestos related claims following the above-mentioned claims process; and
 - The preservation and maximization of the value of ACL for its various stakeholders;
- [16] **CONSIDERING** that ACL's center of main interest ("**COMI**") is located in Thetford Mines, Province of Quebec, Canada;
- [17] **CONSIDERING** the submissions of the attorneys present at the hearing on the Application and the testimony of the witnesses heard;
- [18] **CONSIDERING** that the Court is satisfied that the Modified Application meets the requirements of the CCAA
